## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
North Carolina Textile Foundation, Inc.

### ***Opinion***

We have audited the accompanying financial statements of North Carolina Textile Foundation, Inc. (the "Foundation"), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of North Carolina Textile Foundation, Inc. as of June 30, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of North Carolina Textile Foundation, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Carolina Textile Foundation, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### ***Auditors' Responsibilities for the Audits of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North Carolina Textile Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North Carolina Textile Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Disclaimer of Opinion on Supplementary Information***

Our audits were conducted for the purpose of forming opinions on the financial statements as a whole. The supplementary information on pages 21 through 23, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information marked “unaudited” has not been subjected to the auditing procedures applied in the audits of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

## North Carolina Textile Foundation, Inc.

### Notes to Financial Statements For the Years Ended June 30, 2023 and 2022

---

#### Note 1. Nature of Activities and Significant Accounting Policies

Nature of activities: North Carolina Textile Foundation, Inc. (the "Foundation") is a not-for-profit corporation organized in 1942 to promote the welfare, future development, and reputation of the College of Textiles (the "College") at North Carolina State University (the "University"). The Foundation supports the College by providing funds for scholarships to deserving undergraduate and graduate students, recruitment and retention of highly qualified educators and researchers and the acquisition and maintenance of state-of-the-art equipment and facilities for research and education.

A summary of the Foundation's significant accounting policies follows:

Basis of accounting and presentation: The Foundation's policy is to prepare its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. In preparing its financial statements, the Foundation's net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Without donor restrictions – Net assets that are not subject to donor-imposed stipulations.

With donor restrictions – Net assets subject to donor-imposed stipulations that are either to be maintained permanently by the Foundation or will be released either by actions of the Foundation and/or by the passage of time. Generally, the donors of these assets permit the Foundation to use all or part of the earnings on related investments for the donor-restricted purpose.

Cash and cash equivalents: For purposes of reporting cash flows, the Foundation considers all highly liquid instruments with an original maturity of 90 days or less to be cash equivalents. Cash designated or restricted for long-term purposes is included with long-term investments. At times, the Foundation places deposits with a high-quality financial institution that may be in excess of federal insurance limits.

Cash and cash equivalents consisted of accounts with the State Treasurer's Short Term Investment Fund ("STIF") and TowneBank. The STIF account maintained by the State Treasurer has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

Intermediate investments: Intermediate investments consist of cash and short-term bond funds. These investments are reported at readily determinable fair values of \$2,085,897 and \$2,005,350 at June 30, 2023 and 2022, respectively. The cost of these investments was \$2,108,727 and \$2,036,931 as of June 30, 2023 and 2022, respectively.

Long-term investments: Long-term investments held at Brown Brothers Harriman ("BBH") consist of marketable equity securities, fixed income securities and mutual funds. The Foundation, in accordance with investment policies promulgated by its Board of Directors (the "Board"), also invests with the NC State Investment Fund, Inc. Long Term Investment Pool (the "LTIP"). When available, investments are stated at fair value based on readily determinable fair values. Investments for which readily determined fair values are not available are carried at estimated fair values as provided by the respective fund managers of the investments. In addition, the Foundation has planned giving instruments invested with TIAA Kaspick.

Pledges receivable: Unconditional pledges receivable are recognized as support and assets in the period received. Conditional pledges are recognized when the conditions on which they depend are substantially met.

**North Carolina Textile Foundation, Inc.**

**Notes to Financial Statements  
For the Years Ended June 30, 2023 and 2022**

---

**Note 1. Nature of Activities and Significant Accounting Policies (continued)**

Annuity contract: An annuity contract was purchased to cover the estimated payments on a large charitable gift annuity.

Equipment: Equipment is stated at cost. Depreciation is computed by use of the straight-line method over the estimated useful lives of the assets, which is typically 5 to 7 years.

Leases: The Foundation accounts for its leasing arrangements under Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 842, *Leases* ("ASC 842"). The Foundation assesses whether an arrangement qualifies as a lease under ASC 842 (i.e., conveys the right to control the use of an identified asset for a period of time in exchange for consideration) at inception and only reassesses its determination if the terms and conditions of the arrangement are changed.

ASC 842 requires lessees to recognize a right-of-use asset and a corresponding lease liability for leases. When measuring right-of-use assets and lease liabilities arising from a lease, the Foundation includes payments to be made in optional periods and optional payments to purchase the underlying asset if it is reasonably certain the option will be exercised.

The Foundation made several key accounting policy elections upon adoption of ASC 842 including:

In the instance of a short-term lease, it is the Foundation's policy to not recognize right-of-use assets and lease liabilities. A short-term lease is defined as one with a maximum lease term of 12 months or less and does not include a purchase option or renewal option the lessee is reasonably certain to exercise. Short-term lease payments are accounted for in a manner similar to operating leases under ASC 840, *Leases*.

When a lease agreement includes both lease and non-lease components, it is the Foundation's policy to not separate lease components from non-lease components when allocating contract consideration and accounts for the lease and non-lease components as a single lease.

When readily determinable, the Foundation uses the rate implicit in the lease document as the discount rate. In the absence of an implicit rate, it is the Foundation's policy to use the risk-free rate at the commencement date of the lease as the discount rate.

Other assets: Other assets include beneficiary interests in life insurance policies contributed to the Foundation and the Foundation is the owner of these policies. These gifts are recorded at current cash surrender values. Cash surrender values of these policies were \$56,396 and \$50,943 at June 30, 2023 and 2022, respectively. Other assets at June 30, 2022 also included sales tax receivable.

Accounts payable – North Carolina State University: Accounts payable to the University include amounts disbursed by the University on behalf of the Foundation for payment of various normal operating expenses.

Accounts payable: Accounts payable represent trade payments due to vendors.

Contributions: Restricted contributions are segregated for income and expense reporting purposes; however, the assets are commingled. When a donor or grantor restriction expires because the stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as net assets released from restrictions in the statement of activities.

## North Carolina Textile Foundation, Inc.

### Notes to Financial Statements For the Years Ended June 30, 2023 and 2022

---

#### Note 1. Nature of Activities and Significant Accounting Policies (continued)

The Foundation has a gift assessment program that supports Central Development and college-level fundraising efforts. For the years ended June 30, 2023 and 2022, a one-time fee of 7% was assessed on gifts that support current operations and facilities, with 4% designated for Central Development and 3% designated to the fundraising entity receiving the gift.

Investment income: Investment income is allocated on the basis of average fund balances for net assets with and without donor restrictions. For endowments, investment income is allocated on the "unit value" method of valuing interest in an investment portfolio and the investment earnings are recorded as with or without donor restrictions, as appropriate. Gains and losses on sales of investments are allocated on the unit value method. Investment income on investments owned individually by one fund is directly allocated to the owning fund.

As part of the University's gift assessment program, an annual fee is assessed on the average twenty-quarter market value of assets held in the endowment investment portfolio. For the year ended June 30, 2023, the annual fee was 1.35%, with 0.65% designated for University Advancement, 0.60% designated to college-level fundraising efforts and 0.10% designated for the customer relationship management software upgrade. For the year ended June 30, 2022, the annual fee was 1.25%, with 0.65% designated for University Advancement and 0.60% designated to college-level fundraising efforts. An additional assessment for operations may be applied at the Board's discretion.

Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes and uncertain tax positions: The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified as other than a private foundation. The Foundation had no significant unrelated trade or business income for 2023 and 2022. Therefore, no provision for income taxes has been reflected in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the organization and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Foundation, and has concluded that as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to tax year 2019.

Changes in accounting principles: Effective July 1, 2022, the Foundation adopted ASC 842 which requires lessees to recognize a right-of-use asset and a corresponding lease liability for leases with terms longer than twelve months. The Foundation adopted the new standard using a modified retrospective transition method and applied certain optional transition practical expedients. The adoption of this standard did not have an impact on the accompanying financial statements for the years ended June 30, 2023 or 2022.

Reclassifications: Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the previously reported change in net assets.

## North Carolina Textile Foundation, Inc.

### Notes to Financial Statements For the Years Ended June 30, 2023 and 2022

---

#### Note 2. Endowment

The Foundation's endowment consists of approximately 120 individual funds established for a variety of purposes related to the mission of the University. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The majority of the Foundation's signed endowment gift agreements with donors have donor-imposed restrictions which stipulate that principal shall not be used to fund spending.

Interpretation of relevant law: The Uniform Prudent Management of Institutional Funds Act ("UPMIFA") was adopted in North Carolina as NC General Statute 36E effective March 17, 2009. The Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets perpetual in nature (a) the original value of initial and subsequent gifts donated to the endowment and (b) any accumulations to the endowment that are required by the applicable donor gift instrument. The remaining portion of the donor-restricted endowment funds that is not classified in net assets perpetual in nature is classified as purpose restricted net assets until those amounts are appropriated for expenditure by the Foundation's endowment spending policy.

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original gift value (underwater endowments). These deficiencies generally result from either spending of corpus in accordance to the gift agreement or unfavorable market fluctuations which produce unrealized losses to the fund. We have interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. Deficiencies of this nature are reported in net assets with donor restrictions and were \$(1,158,462) and \$(222,625) as of June 30, 2023 and 2022, respectively. The original gift and June 30, 2023 market values for such funds were \$28,050,985 and \$26,892,523, respectively.

Investment return objectives and risk parameters: The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a stable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for donor-specified periods.

Strategies employed for achieving investment objectives: For the long term, the primary investment objective is to earn a total return (net of investment and custodial fees), within prudent levels of risk, which is sufficient to maintain in real terms the purchasing power of the endowment assets and to meet the spending needs of the University. To meet this investment objective, the Foundation has employed the investment strategy of diversifying within a modeled asset allocation range and reviewing the investment policy and performance regularly. The composition at any given time is dependent upon a number of factors, including the amount available for investment and current market conditions.

**North Carolina Textile Foundation, Inc.**

**Notes to Financial Statements  
For the Years Ended June 30, 2023 and 2022**

**Note 2. Endowment (continued)**

Spending policy: The Foundation has a policy of appropriating for programmatic spending each year 4% of a three year rolling average of the market value of the Foundation's endowments at year-end, less contributions received that year. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. However, in declining market conditions, endowments may not be able to fund spending at the 4% level. Unless the gift instrument specifies otherwise, it is the Foundation's policy to allow up to 5% of the corpus of an endowment to be expended if reserves are not sufficient to fund the programmatic spending amount, subject to the guidelines provided by UPMIFA. However, if the gift instrument does not allow spending of corpus, the Foundation does not initiate or renew spending for the individual endowments affected by declining market conditions until their market value has been recovered and exceeds their original gift value. Spending budgets were calculated at approximately \$3.00 million and \$2.61 million for fiscal years 2023 and 2024, respectively.

The following represents changes in endowment net assets for the fiscal year ended June 30, 2023:

	<b>Without Donor Restrictions</b>	<b>With Donor Restrictions</b>	<b>Total</b>
Endowment net assets, beginning of year	\$ 4,926,861	\$ 72,098,035	\$ 77,024,896

**Note 3. Long-Term Investments**

The Foundation invests in a combination of stocks, fixed income securities, money market funds and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

Long-term investments consisted of the following at June 30:

	2023		2022	
	Cost	Fair Value	Cost	Fair Value
STIF	\$ -	\$ -	\$ 3,873,000	\$ 3,873,000
BBH Long-Term Investments	10,883,245	13,890,099	60,568,321	67,836,389
NC State Investment Fund, Inc. Long-Term Investment Pool (LTIP)	53,662,891	55,497,372	-	-
Life Income Funds	370,282	362,580	396,832	387,162
	<u>\$ 64,916,418</u>	<u>\$ 69,750,051</u>	<u>\$ 64,838,153</u>	<u>\$ 72,096,551</u>

**North Carolina Textile Foundation, Inc.**

**Notes to Financial Statements  
For the Years Ended June 30, 2023 and 2022**

**Note 4. Fair Value Measurement**

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification (“ASC”) 820 provides a framework for measuring fair value. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

The fair value hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 – Valuations based on quoted prices in active markets for identical investments

Level 2 – Valuations based on quoted prices in inactive markets or for which all significant inputs are observable (including quoted prices for similar investments, interest rates, credit risks, etc.)

Level 3 – Valuations based on significant unobservable inputs (including the fund’s own assumptions in determining the fair value of investments)

The Foundation’s assets itemized below are measured at fair value on a recurring basis as of June 30:

	<b>2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total Fair Value</b>
BBH Intermediate Investments	\$ 2,085,897	\$ -	\$ -	\$ 2,085,897

North Carolina Textile Foundation, Inc.

Notes to Financial Statements  
For the Years Ended June 30, 2023 and 2022

**Note 4. Fair Value Measurement (continued)**

The following are reconciliations of the assets measured at fair value on a recurring basis in which significant unobservable inputs (Level 3) were used in determining value as of June 30:

	2023			
	BBH Long-Term Investments	NC State Investment Fund, Inc. LTIP	Annuity Contract	Beneficial Interest in Life Insurance Policies
Beginning balance	\$ 38,329,108	\$ -	\$ 100,162	\$ 50,943
Contributions	2,052,535	57,292,639	-	-
Realized appreciation	3,513,999	95,432	-	-
Unrealized (depreciation) appreciation	(3,845,672)	1,834,481	-	5,453
Distributions	(27,840,383)	(3,725,180)	(15,000)	-
Ending balance	<u>\$ 12,209,587</u>	<u>\$ 55,497,372</u>	<u>\$ 85,162</u>	<u>\$ 56,396</u>

	2022		
	BBH Long-Term Investments	Annuity Contract	Beneficial Interest in Life Insurance Policies
Beginning balance	\$ 52,438,520	\$ 115,162	\$ 50,241
Contributions	7,392,311	-	-
Realized depreciation	(1,599,708)	-	-
Unrealized (depreciation) appreciation	(11,468,003)	-	702
Distributions	(8,434,012)	(15,000)	-
Ending balance	<u>\$ 38,329,108</u>	<u>\$ 100,162</u>	<u>\$ 50,943</u>

Following is a description of the valuation methodologies used for assets measured at fair value:

STIF – The investment has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

BBH Intermediate Investments – A combination of cash and short term bonds valued at quoted market prices.

BBH Long-Term Investments – A combination of cash, fixed income securities, exchange-traded equity and mutual funds valued at quoted at market prices as well as alternative investments measured by the Net Asset Value provided by the investment company.

The NC State Investment Fund, Inc. Long-Term Investment Pool (“LTIP”) – The LTIP’s investment with UNC Management Company is valued using the net asset value per share of the fund provided by the fund manager. The LTIP’s private equity investments are initially valued based on transaction price with subsequent valuation adjustments based on trading multiples of comparable public companies adjusted for differences in factors such as liquidity. The LTIP’s investment in a Blackrock Liquid Policy Portfolio (the “LPP”) is valued at the closing price of the exchange-traded fund’s shares. The LTIP also has an investment in the STIF, valued as described above.

## North Carolina Textile Foundation, Inc.

### Notes to Financial Statements For the Years Ended June 30, 2023 and 2022

---

#### Note 4. Fair Value Measurement (continued)

Life Income Funds – A combination of exchange-traded equity and fixed income securities valued at quoted market prices.

Annuity Contract – Valued using cash purchase price of contract less payments to date.

Beneficial Interest in Life Insurance Policies – Valued based on the cash surrender value of the policies. Because these values are based on significant unobservable inputs, they are categorized in Level 3 of the fair value hierarchy.

#### Note 5. Financial Assets and Liquidity Resources

The Foundation's endowment funds consist of donor-designated endowments; income of which is restricted for specific purposes and, therefore, is not available for general expenditures. As part of the Foundation's liquidity management, it structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. As described in Note 2, the endowments have a spending rate of 4%. Approximately \$493,550 from unrestricted donor-designated endowments and approximately \$997,132 from assessment fees will be available within the next 12 months.

As of June 30, 2023, financial assets available within one year for general expenditure, such as administrative and fundraising expenses, were as follows:

Total assets, less nonfinancial assets	\$ 84,199,476
Less those unavailable for general expenditures within one year, due to:	
Donor imposed restrictions:	
Restricted by donor in perpetuity	(49,826,025)
Subject to appropriation and satisfaction of donor restrictions	(32,001,179)
Total liabilities	<u>(463,490)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 1,908,782</u>

#### Note 6. Life Income Funds

The financial statements include assets and liabilities of charitable gift annuities for which the Foundation is the trustee. The grantors and/or beneficiaries retain future income interests in these assets until their death. These life income funds are recorded at fair value at the date of gift. Life income funds at June 30, 2023 and 2022 have asset balances of \$362,580 and \$387,162, respectively.

## North Carolina Textile Foundation, Inc.

### Notes to Financial Statements For the Years Ended June 30, 2023 and 2022

---

#### Note 6. Life Income Funds (continued)

The liabilities for distributions to grantors and/or beneficiaries are computed using Internal Revenue Code annuity valuation tables, the distribution terms of the agreements, and the life expectancy of the beneficiaries, and totaled \$416,956 and \$438,827 at June 30, 2023 and 2022, respectively. Payments from these funds were \$56,900 during both the years ended June 30, 2023 and 2022. An unrestricted reserve account has been established in the Foundation's Charitable Gift Annuity ("CGA") pool to receive 10% from all new CGAs established in order to offset the liabilities for any annuities that reach exhaustion. The goal is to build the unrestricted reserve fund to equal 10% of the total value of the Foundation's CGA pool. As of June 30, 2023 and 2022, the CGA reserve balance was \$9,431 and \$9,127, respectively.

#### Note 7. Pledges Receivable

Pledges receivable consisted of the following at June 30:

	2023	2022
Receivable in less than one year	\$ 1,074,512	\$ 5,105,148
Receivable in one to five years	1,494,041	1,690,844
Receivable in more than five years	-	8,144
Total pledges receivable, gross	<u>2,568,553</u>	<u>6,804,136</u>
Less allowance for uncollectible pledges	(129,000)	(341,000)
Less unamortized discount (discount rates of 2.65% to 5.24%)	(217,665)	(263,410)
Pledges receivable, net	<u>\$ 2,221,888</u>	<u>\$ 6,199,726</u>

An allowance for doubtful accounts has been established and is updated annually to reflect 5% of the Foundation's outstanding pledge balance. Active past due and long-term pledges receivable are reviewed twice yearly by the Advancement Services office in order to determine if it is appropriate to allow for or write off such pledges.

Two donors represented approximately \$700,000 of total undiscounted pledges receivable at June 30, 2023. Two donors represented approximately \$4,700,000 of total undiscounted pledges receivable at June 30, 2022.

#### Note 8. Donated Salaries, Services and Facilities

For the years ended June 30, 2023 and 2022, salaries and benefits paid by the University for college development personnel in the amount of \$132,000 and \$112,000, respectively, have been recorded as donated salaries. The University Finance Division provides services to support the Foundation; the difference between the fair market value of services rendered and fees paid has been recorded as donated services. The University allows the Foundation to utilize space on campus at no charge; the fair market value of such space has been recorded as donated facilities. For the years ended June 30, 2023 and 2022, donated services and facilities amounted to \$79,000 and \$97,000, respectively.

**Notes to Financial Statements  
For the Years Ended June 30, 2023 and 2022**

**Note 9. Net Assets With Donor Restrictions**

Net assets with donor restrictions were available for the following purposes at June 30:

	<b>2023</b>	<b>2022</b>
Subject to expenditure for specified purpose:		
Scholarships and fellowships	\$ 3,299,864	\$ 1,627,900
Faculty support and professorships	815,466	383,768
Deans Textiles Innovation Fund	2,809,194	2,246,483
Pledges receivable, net	1,072,661	932,716
Other	4,464,401	1,779,145
	<u>12,461,586</u>	<u>6,970,012</u>
Subject to passage of time:		
Beneficial interest in life insurance policies	56,396	50,943
Assets held under split-interest agreements, net	(54,376)	(51,665)
Annuity contract	85,162	100,162
	<u>87,182</u>	<u>99,440</u>
Endowments:		
Subject to Foundation endowment spending policy and appropriation:		
Scholarships and fellowships	27,517,001	29,108,253
Faculty support and professorships	6,367,175	7,259,881
Wilson College of Textiles Endowment	24,247,111	22,563,372
Pledges receivable, net	1,149,227	5,267,010
Other	7,004,638	7,851,022
	<u>66,285,152</u>	<u>72,049,538</u>
Total Net Assets With Donor Restrictions	<u>\$ 78,833,920</u>	<u>\$ 79,118,990</u>

The "Other" grouping includes amounts designated for general college support, general University support and funds with multiple purposes.

**Note 10. Net Assets Released From Donor Restrictions**

Net assets were released from donor restrictions as restrictions were met via the passage of time or by incurring expenses satisfying the restricted purposes specified by donors as follows during the years ended June 30:

	<b>2023</b>	<b>2022</b>
Scholarships and fellowships	\$ 1,204,079	\$ 1,162,574
Faculty support and professorships	245,812	270,653
Departmental support	1,951,425	955,910
Administrative and fundraising	646,200	894,182
	<u>\$ 4,047,516</u>	<u>\$ 3,283,319</u>

**North Carolina Textile Foundation, Inc.**

**Notes to Financial Statements
